

SKIN OPTIMIZATION PLAN (Age 37 – Melanin-Rich Skin)

1. Collagen-Preserving + Collagen-Building Habits

- High Zone 2 work for circulation and regeneration.
- Sauna: 10–20 minutes, 3–4x/week for natural GH support.
- Prioritize consistent sleep for under-eye improvement.
- Low-inflammatory nutrition: olive oil, berries, wild salmon, magnesium, turmeric.

2. Essential Topicals (Daily Routine)

Morning:

- Vitamin C (10–15% ascorbic acid or THD ascorbate)
- Peptide serum (Matrixyl or Argireline)
- Light moisturizer + sunscreen

Night:

- Retinoid (0.025% tretinoin or a gentler retinol)
- Hydrating under-eye formula (hyaluronic acid + peptides)
- Optional: Peptide serum

3. Facial Training Routine (4 Minutes)

- Cheek lifts: 1 minute
- Tongue posture (mewing): 1 minute
- Forehead relaxation / anti-frown drill: 2 minutes

4. In-Office Treatments (Melanin-Safe)

- RF Microneedling for tightening and lines.
- Light forehead Botox for softening dynamic lines.
- Cheek support fillers (not directly in the fold).

5. Nutrition Enhancers

- 10g collagen peptides daily.
- Omega-3 rich foods (wild salmon).
- Electrolyte hydration.

- Bone broth at night to support glycine levels.

6. Lifestyle Tweaks

- Avoid eye rubbing.
- Morning sunglasses for UV protection.
- Use lukewarm shower water to protect the skin barrier.
